

How to enroll in eStatements

eStatements are an easy way to reduce the use of natural resources. They are also faster and more secure than paper communications. When you enroll in eStatements, you will receive a monthly email reminder that your electronic account statement(s) are ready to view.

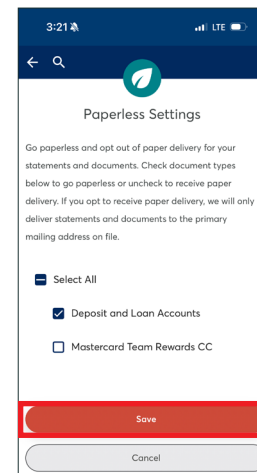

1. Log in to Online Banking. Click the **More Links (...)** icon on desktop or the **Menu** button on mobile.

2. Click **Documents and Statements**.

3. Click on the account type and toggle the statement switch from "Paper Only" to **Online Statements**. Or to change all at once, click on the **Paperless Settings** tab. Then **select the accounts** you would like to have eStatements for and click **Save**.

4. A confirmation box will appear. Read and agree to the terms and conditions. Click **Accept & Continue**.
